

# City Of Sion

Modular planters made of steel sheet, available in concave or convex shapes, with seating in hardwood or larch. This collection offers two models: with or without a backrest, to meet different design and comfort needs. The planters can be installed individually or in compositions, creating harmonious solutions that seamlessly integrate with the other elements of the City of Sion collection, enhancing public spaces with elegance and functionality.

# City Of Sion D

Modular convex planter with a supporting structure in powder coated steel. It can be installed in composition with all the other elements of the City of Sion collection.

**Variant code:** 0074214

**Size and weight:** Width 1570mm  
Length 3990mm  
Weight 250kg  
Seat Height 515mm

**Materials:** Steel treated with protective coating and powder coating

**Finishes:** Polyester powder coated steel in wrinkled finish

Color:  
to be chosen from Metalco standard colour range

**Fixing:** Freestanding

# POWDER COATED STEEL - POWDER COATED ALUMINUM

For every steel product and component, we choose the most suitable raw materials and treatments based on our production cycle and the needs of each design.

Our steel treatments include hot-dip galvanization, cold galvanizing, Sendzimir galvanization, cataphoresis and primer coating.

For our aluminum products and components, we use aluminum in sheet or in extrusion or in casting.

Then we powder coat steel, stainless steel, and aluminum with polyester powder, in accordance with EN ISO 12944-2.

We offer a wide range of standard RAL colors with wrinkled finish with different levels of texture. Only when customization through stickers, pad printing or serigraphy is provided, for technical reasons, their finish will be smooth matte or smooth glossy, depending on the technical feasibility.

We also offer the exclusive SABLÈ' colours, with a peculiar metallic wrinkled texture.

Upon request, different treatments and customizations are available, such as powder coating with non-standard RAL colors, and/or with smooth matte and smooth glossy finishes, and/or anti-graffiti treatment.

If required, the powder coating process can be certified Quality Steel.

## RAL

## SABLÈ

The mentioned RAL and SABLÈ colours should be considered only illustrative.
