

# Agata P

---

Bench composed of a seat in HPC (High Performance Concrete) velluto - natural smooth and a central support base (thickness 3mm) in powder coated steel. The bench is equipped with specially reinforced bushings for handling, which are then closed by cast stainless steel closing discs.

---

**Variant code:** 0071021

---

**Size and weight:** Width 2100mm  
Length 750mm  
Height 450mm  
Weight 420kg

---

**Materials:** HPC (High Performance Concrete)  
  
Steel treated with protective coating and powder coating

---

---

**Finishes:** HPC (High Performance Concrete) velluto - natural smooth

Polyester powder coated steel in wrinkled finish

Color:  
HPC colour to be chosen between grey, white and dark grey.

to be chosen from Metalco standard colour range

Finishes:

---

**Fixing:** Pre-drilled for anchors

---

**Accessories:** Extra per levigatura superiore, Extra per levigatura superiore + perimetro

# POWDER COATED STEEL - POWDER COATED ALUMINUM

For every steel product and component, we choose the most suitable raw materials and treatments based on our production cycle and the needs of each design.

Our steel treatments include hot-dip galvanization, cold galvanizing, Sendzimir galvanization, cataphoresis and primer coating.

For our aluminum products and components, we use aluminum in sheet or in extrusion or in casting.

Then we powder coat steel, stainless steel, and aluminum with polyester powder, in accordance with EN ISO 12944-2.

We offer a wide range of standard RAL colors with wrinkled finish with different levels of texture. Only when customization through stickers, pad printing or serigraphy is provided, for technical reasons, their finish will be smooth matte or smooth glossy, depending on the technical feasibility.

We also offer the exclusive SABLÈ' colours, with a peculiar metallic wrinkled texture.

Upon request, different treatments and customizations are available, such as powder coating with non-standard RAL colors, and/or with smooth matte and smooth glossy finishes, and/or anti-graffiti treatment.

If required, the powder coating process can be certified Quality Steel.

## RAL

## SABLÈ

The mentioned RAL and SABLÈ colours should be considered only illustrative.

## HPC (HIGH PERFORMANCE CONCRETE)

Our HPC is available in five different colors (white, grey, dark grey, green and yellow) and it is provided, as standard, with VELLUTO – natural smooth finish.

Characterized by textured appearance, HPC can present not uniform cloudy effects of color and light cracks, which are physiological aspects of this material.

Upon request, when technically feasible, it is possible to perform polishing operations.

The finished products are treated with a protective varnish, and upon request, anti-graffiti treatment can be also applied.

WHITE POLISHED

WHITE VELLUTO - NATURAL SMOOTH

GREY POLISHED

GREY VELLUTO - NATURAL SMOOTH

DARK GREY POLISHED

DARK GREY VELLUTO - NATURAL SMOOTH

GREEN POLISHED

GREEN - NATURAL SMOOTH

YELLOW POLISHED

YELLOW VELLUTO - NATURAL SMOOTH
