

Sakura I 2p

Modular bench consisting of 2 single seats without backrest in galvanised and powder coated steel sheet, fixed to a robust central bar in galvanised and powder coated steel tubing. The bar is closed at the ends with powder coated specific cast aluminium caps. The supports, made of galvanised and powder coated steel sheet, are supplied with a choice of different support kits or for stable fixing to the ground. The bench is equipped with armrests in galvanised and powder coated steel sheet, fixed to the central bar and positioned between the seats. On request, the armrest can be replaced with an armrest complete with USB charging socket.

Variant code: mpan00220

Size and weight: Width 650mm
Length 1420mm
Height 620mm
Weight 55kg
Seat Height 460mm

Materials: Steel treated with protective coating and powder coating

Finishes: Polyester powder coated steel in wrinkled finish

Color:
to be chosen from Metalco standard colour range

Fixing: Freestanding with pedestals or Installation with threaded bars

Technical drawing:

POWDER COATED STEEL - POWDER COATED ALUMINUM

For every steel product and component, we choose the most suitable raw materials and treatments based on our production cycle and the needs of each design.

Our steel treatments include hot-dip galvanization, cold galvanizing, Sendzimir galvanization, cataphoresis and primer coating.

For our aluminum products and components, we use aluminum in sheet or in extrusion or in casting.

Then we powder coat steel, stainless steel, and aluminum with polyester powder, in accordance with EN ISO 12944-2.

We offer a wide range of standard RAL colors with wrinkled finish with different levels of texture. Only when customization through stickers, pad printing or serigraphy is provided, for technical reasons, their finish will be smooth matte or smooth glossy, depending on the technical feasibility.

We also offer the exclusive SABLÈ' colours, with a peculiar metallic wrinkled texture.

Upon request, different treatments and customizations are available, such as powder coating with non-standard RAL colors, and/or with smooth matte and smooth glossy finishes, and/or anti-graffiti treatment.

If required, the powder coating process can be certified Quality Steel.

RAL

SABLÈ

The mentioned RAL and SABLÈ colours should be considered only illustrative.
