

Bravo Boom

Litter bin in sendzimir steel painted with polyester powders, consisting of a simple cylindrical bin in laser-perforated sheet metal complete with upper bag stop ring with press sheet metal snap closure. The bin is equipped with a rear bracket in pressed sheet metal for pole mounting. On request, the bins can be supplied with customized graphics, for the separate collection of waste.

Variant code: 0025164

Size and weight: Height 530mm
Weight 5kg
Diameter 330mm
Capacity 35lt

Materials: Steel treated with protective coating and powder coating

Finishes: Polyester powder coated steel in wrinkled finish

Color:
to be chosen from Metalco standard colour range

Fixing: Pole fixing

Accessories: SUPERBRAVO, SUPERBRAVO, SUPERBRAVO, Piastra a quadrifoglio verniciata (solo per interni), Piastra a quadrifoglio verniciata

Technical drawing:

Wall fixings

Pole Ø80 fixings

POWDER COATED STEEL - POWDER COATED ALUMINUM

For every steel product and component, we choose the most suitable raw materials and treatments based on our production cycle and the needs of each design.

Our steel treatments include hot-dip galvanization, cold galvanizing, Sendzimir galvanization, cataphoresis and primer coating.

For our aluminum products and components, we use aluminum in sheet or in extrusion or in casting.

Then we powder coat steel, stainless steel, and aluminum with polyester powder, in accordance with EN ISO 12944-2.

We offer a wide range of standard RAL colors with wrinkled finish with different levels of texture. Only when customization through stickers, pad printing or serigraphy is provided, for technical reasons, their finish will be smooth matte or smooth glossy, depending on the technical feasibility.

We also offer the exclusive SABLÈ' colours, with a peculiar metallic wrinkled texture.

Upon request, different treatments and customizations are available, such as powder coating with non-standard RAL colors, and/or with smooth matte and smooth glossy finishes, and/or anti-graffiti treatment.

If required, the powder coating process can be certified Quality Steel.

RAL

SABLÈ

The mentioned RAL and SABLÈ colours should be considered only illustrative.
