

Austen F

The trapezoidal modular planter is an elegant and functional solution to enhance urban spaces. Made from UHPC (Ultra High Performance Concrete), this element provides exceptional strength and durability, with a base featuring a practical recess that improves stability. The planter can be installed individually or combined with other elements from the Austen collection, such as the seating, to create harmonious and customizable compositions. Perfect for gardens, squares, and public areas, this planter adds a touch of contemporary design to the urban environment.

UHPC (ULTRA HIGH PERFORMANCE CONCRETE)

Our UHPC (Ultra High Performance Concrete) is available in three different colors, white, grey and dark grey, provided with ALFA-natural smooth finish.

Characterized by textured appearance, UHPC can present not uniform cloudy effects of color and light cracks, which are physiological aspects of this material.

The finished products are treated with a protective varnish, and upon request, anti-graffiti treatment can be also applied.

UHPC WHITE

UHPC GREY

UHPC DARK GREY
